FCST-CR120-CRS-CVR Horizontal 4-Way Cover Plate

The 4-way cover plate is a protective cover specifically designed for use with the horizontal 4-way fiber optic raceway component. It encloses the top of the intersection node, providing comprehensive protection for the fiber optic cables converging from four directions, while ensuring the integrity, safety, and aesthetic appeal of the raceway system at the junction.

- Easy to install and highly adaptable.
- 4-way coverage with a secure, tight fit.
- Compliant with the UL94-V0 fire safety standard.
- Designed for 120mm fiber optic raceway 4-way cross covers.

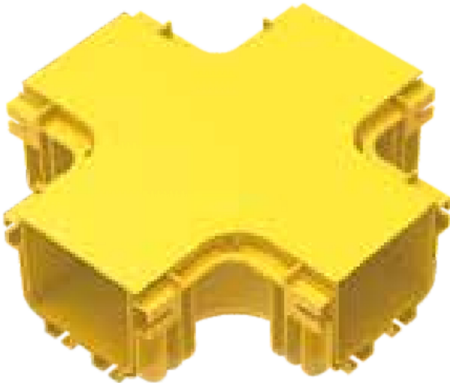

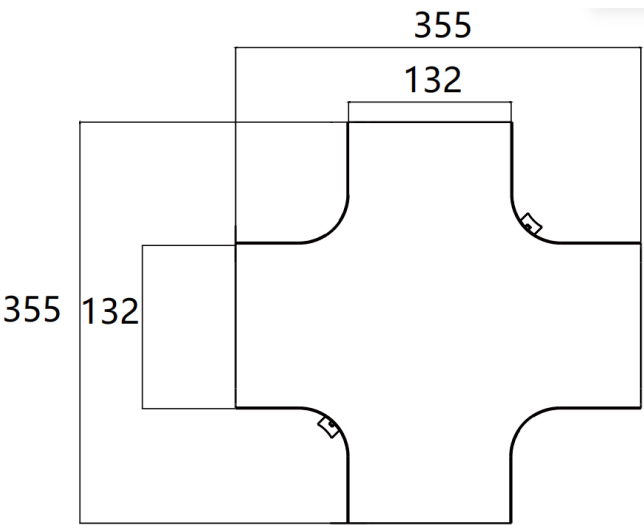

Product Specifications

Construction	Description
Material	ABS
Flame-retardant Rating	V0
Packaging	40PCS/CNT 9.6KG
Weight	240g

Product Structure

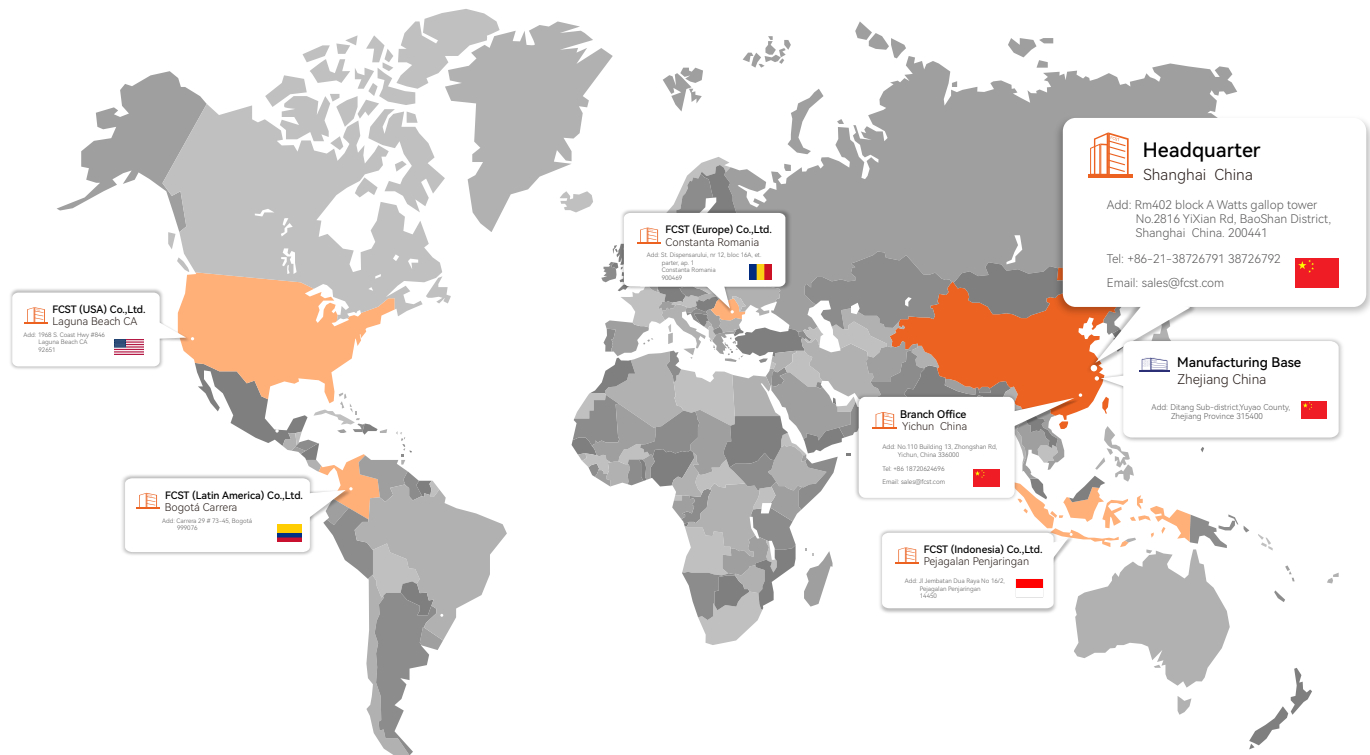

Unit:mm

Better FTTx, Better Life.

Fiber Cable Solution Technology Co.,Ltd.

FCST - Better FTTx, Better Life.

At FCST, we manufacture top-quality microduct connectors, microduct closure, telecom manhole chambers and fiber splice boxes since 2003. Our products boast superior resistance to failure, corrosion, and deposits, and are designed for high performance in extreme temperatures. We prioritize sustainability with mechanical couplers and long-lasting durability.

FCST aspires to a more connected world, believing everyone deserves access to high-speed broadband. We're dedicated to expanding globally, evolving our products, and tackling modern challenges with innovative solutions. As technology advances and connects billions more devices, FCST helps developing regions leapfrog outdated technologies with sustainable solutions, evolving from a small company to a global leader in future fiber cable needs.
