FCST-CR120-CVR Fiber Raceway Cover

The raceway section forms the core framework of the system; featuring large-radius bends, high-profile covers, and highly flame-retardant materials, it ensures the physical safety of the fiber while effectively solving the challenges of high-density cable management.

- Compliant with the UL94-V0 fire safety standard.
- Smooth, burr-free inner walls prevent scratching or damaging the fiber coating.
- Lightweight construction significantly reduces the load on cabinets; supports one-handed operation to enhance installation efficiency.

Product Specifications

Construction	Description
Material	PVC/PC+ABS
Flame-retardant Rating	V0
Length	2000mm
Width	120mm
Weight	1560g

Ordering Information

FCST-CR120-CVR Fiber Raceway Cover--

A

A- Material

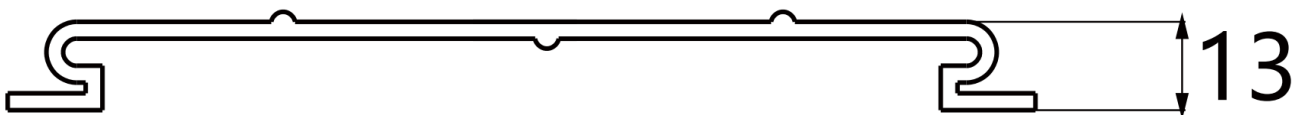

A1 PVC

A2 PC+ABS

*Note: The specified model is determined based on optional configurations. For example: FCST-CR120-CVR Fiber Raceway Cover--A1.

Unit:mm

Better FTTx, Better Life.

Fiber Cable Solution Technology Co.,Ltd.

FCST - Better FTTx, Better Life.

At FCST, we manufacture top-quality microduct connectors, microduct closure, telecom manhole chambers and fiber splice boxes since 2003. Our products boast superior resistance to failure, corrosion, and deposits, and are designed for high performance in extreme temperatures. We prioritize sustainability with mechanical couplers and long-lasting durability.

FCST aspires to a more connected world, believing everyone deserves access to high-speed broadband. We're dedicated to expanding globally, evolving our products, and tackling modern challenges with innovative solutions. As technology advances and connects billions more devices, FCST helps developing regions leapfrog outdated technologies with sustainable solutions, evolving from a small company to a global leader in future fiber cable needs.
